

[REDACTED] Apply to me
Jan 5

Dear Morris,

Thank you for your interest in employment with [REDACTED] Schools. We appreciate you taking the time to share your experiences, talents, and background with us.

Unfortunately, we will not be continuing in the selection process with you for 2017-2018 Teaching Fellow.

Please know that [REDACTED] Schools is very fortunate to receive a large number of applications, making our process competitive and our decisions difficult. Due to the high volume, and our internal policy, we do not provide feedback to candidates at the early stages of the selection process.

Again, thank you for your interest in working on behalf of educational reform through a position with [REDACTED] Schools. We do wish you the best in your endeavors and in your efforts to ensure that all children, regardless of background, have the opportunity to achieve their highest potential.

All the best,

Talent Recruitment Team
[REDACTED] Schools

Hi Morris,

Thank you so much for the time and energy that you've devoted to our interview process. It has been such a pleasure getting to know you. I am writing to share that our leadership team decided to proceed with other candidates for the Barista - San Mateo County role. Please be assured your candidacy was given much thought and full consideration.

We are humbled that you would consider Philz Coffee for employment and hope you will secure a position that you feel excited about in the very near future.

Sincerely,

[REDACTED]

Philz Coffee

Dear Mr. Gevirtz,

We apologize the delay in responding to your enthusiastic message dated March 23.

Over the next days (and weeks actually) I will often be out of GSM coverage area. However, my husband Bob Smith, as PE's resident birder, has a much deeper understanding of our bird tours and he is currently still traveling through Europe in a more convenient time-zone for you (GMT+1). Therefore I suggest that you contact him directly through [REDACTED]@gmail.com in order to discuss your ideal itinerary (I am also putting this message in Cc to Bob).

Regarding joint advertising in printed media throughout the countries that you mention, I regret to inform you that our advertising budget is fairly limited currently and that we are primarily focusing on internet marketing. In all honesty, I don't see much scope for meaningful financial support for comparatively expensive joint advertisements in printed media at this end. On the other hand, we probably could offer high-quality articles on birding in Papua for publication in popular birding journals in return for advertisement space. In addition, we have sufficient in-house expertise to expand internet marketing.

Kindest regards,

Mrs. Mary Smith
